

Forestry Suppliers and Canon Envirothon: a Winning Combination

Since 1997, Forestry Suppliers has been proud to serve educators involved in Canon Envirothon by providing correlated products to enable teachers to effectively deliver the curriculum content and applied environmental testing activities that are core to the program.

As an incentive to participate and grow in this worthy program, Forestry Suppliers will offer all Envirothon teachers a 10% discount on any of the 10,000 quality products we sell. To participate in this offer, teachers should identify themselves as Envirothon educators and, especially if ordering from our web site, mention or enter Key Code 226 to claim the discount. The Envirothon Discount promotion will be in effect from September 20, 2005 through May 15, 2006.

Forestry Suppliers carries a complete selection of quality earth, life and environmental science education products for classroom and field use in our current Catalog and on our web site at www.forestry-suppliers.com. Visit our web site to learn more or to request a *free* catalog.
